Customer Inquiry Sheet Transformer

Mandatory Details

Type of Converter	
Ambient Temperature	
Working Voltage Insulation V_{RMS} / V_{peak}	/
Input Voltage Range	
Output Voltage V_{DC}	V_{DC}
Operation Frequency	kHz
Insulation Requirements	

Controller IC

Manufacturer	
Part-No. / Family	

Electrical Parameters (if „other“, please specify, bold values are mandatory)

Safety Standards		
Cooling		
Clearance / Creepage	/	mm
Surge Test		kV
Temperature class / Isolation class		
Partial discharge (V/Q)	V	pC
CTI-Bobbin:		
Leakage inductance $L_{p,\sigma}$		μH
Max. Magnetic Flux ($\int U dt$)		μVs
Hipot Test Voltage / Level (AC)		
Hipot Test Voltage / Level (AC)		

General Requirements: (please add additional outputs on next page)

Core Size / Type	mm	Core Material	or
Pollution Degree		Dimension / Coil former	mm
Grid Pitch in [mm]		Format:	
Number of Samples		Finish	
Packing		Quality Standard	

Transformer Parameter

	Voltage [V]	Current [A]	Power [W]	Controlled Output	Turns
