Statement on corona virus issue - status week 14/2020

Dear Ladies and Gentlemen,

in consequence of governmentally directed shut-down of our production premises in Tunisia from March 22 until April 04, 2020, we unfortunately have to tell you that Kaschke Components GmbH has instructed short-time work for all its employees in the Göttingen premises in the period April 1 until April 10, 2020.

With the aid of all legal means, Kaschke will carry on trying to negotiate with the responsible authorities to get a special regulation valid for system-relevant medical products for one of the company sites in Tunisia.

At this present moment we cannot announce a positive result of these negotiations.

In this extraordinary situation we would like to ask you for your understanding that through these measures or reactivity will be significantly limited and that it will lead to massive delays in processing and executing of activities at all levels of our business.

The overall situation is still extremely tense – we will keep you updated!

Yours faithfully

Josef Postert
